

March 2016

www.sandreamimpact.com

New this year is our introduction of the **Majestic** line which includes four intense and vibrant tropical hued pigments that provide unsurpassed coverage. **Majestic Watermelon, Cranberry, Carrot** and **Mango** are based on natural mica coated with either a concentrated Aluminum Lake or Carmine.

**Majestic
Mango**

10-60µm

Majestic Carrot

10-60µm

**Majestic
Watermelon**

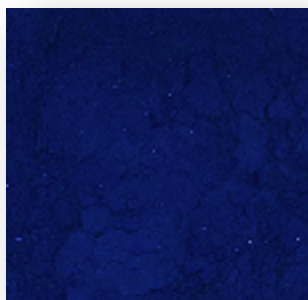

10-60µm

Majestic Cranberry

10-60µm

Oh, the feel of velvet...Nothing compares to the smooth and luxurious texture of our new, super fine particle size **Majestic Velvet Blueberry** and **Merlot** mica pearls. The small particle size paired with saturated pigmentation of our extended Majestic line, enables the formulator to achieve rich and exciting tones with ease.

**Majestic
Velvet Blueberry**

1-10µm

**Majestic
Velvet Merlot**

1-10µm
